

Come And Let Me Look In Your Eyes
John Denver

B **F#** **B**
I guess growing isn't hard to do
B **E** **F#**
Just stand a-against the wall
B **F#** **E**
Once I was just two feet high
A **F#**
Today I'm six feet tall

B **F#** **B**
But knowing who to listen to
B **E** **F#**
Is some-thing else again
B **F#** **E**
Words just whistle round my head
A **F#**
Like seasons in the wind

Note: The verses are all the same as this.

Refrão:

B **F#** **E**
All across the water the clouds are sailing
B **A/E** **F#**
They won't let me look at the sky
B **F#** **E**
All I want to do is try and find myself
B **F#** **E**
Come and let me look in your eyes
