Outside my window, I can hear the radio,

And you know that motor wagon is getting ready to fly,
G C
Cause it s almost Saturday night.
C F C F
Bye bye, tomorrow, Jody s gone to the rodeo,
C Am Em
And you know some good old boys are ready to ride
G C
Cause it s almost Saturday night.

F C F
Gonna push the clouds away, let the music have it s way
D C G
Let it steal my heart away, and you know I m-a-goin

C F C F
Outside the ringing, the night train is bringin me home
C Am Em
When you hear that locomotion get ready to fly
G C
Cause it s almost Saturday night.
