

Mystic Highway

John Fogerty

Guitar tuned half step down (Eb Ab Db Gb Bb Eb)

VERSE

G **D**
Lately I begin to wonder,
Bm **G** **D**
How s it all gonna end.
G **D**
After all the flash and thunder,
Bm **C** **D**
Then itâ€™s gone with the wind.

All the stars in the heavens,
They been there to light my way.
Without knowinâ€™ where Iâ€™m going,
Probably get there anyway.

CHORUS

D
Mystic highway that Iâ€™m on
C **G** **D**
Ooh ooh, take me home
G **D**
Mystic highway that I ramble
C **G** **D**
Ooh ooh, take me home

Db|-----0--- The timing for this tab is inexact.
Ab|-0-2-3-2-0-----

This old road has been my lifeline,
My companion and my friend.
Like a rope around the universe,
Ainâ€™t no beginning, ainâ€™t no end.

Out across the constellations,
Thereâ€™s a place behind the sun.
Everything is connected,
Everything and everyone.

CHORUS

Db|-----0-----0
Ab|-0-2-3-2-0--0-2-3-2---

D C G D Repeat roughly 12 times through solo.

(On Letterman, this was played with in 5th, 3rd, and 10th fret cord positions.
He slides into them a bit, and usually only strikes the highest toned strings)

Break (**A** capella)

Down by the river on Saturday night,
Everybody waiting for a good time.
Smooth city slickers and loaded dice,
Take your money in a pig s eye.
Rain gonna fall, sun gonna shine,
Ain t no worry in my mind.
Big wheel rollin cross the sky,
Ain t no worry in my mind.

VERSE

All the stars that I m under,
Know the way I feel tonight.
All the miles I ve been travellin
Headin back to the light.

D
Mystic highway that Iâ€™m on
C **G** **D**
Ooh ooh, take me home
G
Mystic highway that I ramble
C **G** **D**
Ooh ooh, take me home
C **G** **D** (repeat through to end)
Ooh ooh take me home.
Yeah!

At the very least you got the idea.
