Now that the day has come  
**Bm** **A** **G**  
I see myself as everyone  
**D** **A** **G**  
I am whatâ€™s all around me  
**Bm** **A** **G**  
No, nothing it just cannot be  
**Bm** **A** **G**  
Feeling has come from the sun  
**D** **A** **G**  
Like most everything and everyone  
**D** **A** **G** **D**  
What seems lost is free from the force that slowly destroys us  
**Em** **Bm** **A** **Em**  
And kills all matter off  
**Bm** **Em** **Bm** **A** **Em** **Bm**  
Well, we donâ€™t control the chance that plays with us  
**Em** **Bm** **A** **Em** **Bm**  
And we get existence back to hurting others  
**Em** **Bm** **A** **Em** **Bm**  
And when we go the other way itâ€™s ourselves we hurt  
**Em** **Bm** **A** **Em**  
But who pushes on though eventually will see  
**A** **Em**  
Every momentâ€™s first  
**Bm**  
Every moment is first  
**G** **D** **A** **Em**  
Whatâ€™s gone will never come back

**G** **D** **A Em**  
But it exists when you think of it

**G** **D** **A Em**  
And what is anything, anyway

**G** **D** **Em** **Bm**  
But a series of things running through your brain

**G** **D** **A Em**  
All of the fucked things you do

**G** **D** **A Em**  
Are the product of whats happened to you

**G** **D** **A Em**  
Whatever you create from love

**G** **D** **Em** **Bm**  
Is a gift from the place which some call above

**G** **D** **Em** **Bm**  
Thereâ€™s only the forces of hate and love

**G** **D** **Em** **Bm**  
One breaks things down and one builds them up.
