Song: Water

```
E         B          A       E
Water inside, we re all in water
E          B        A          E
Water we climb and run through it
E          B        A        E
Water inside we re all in water
E             B        A         E
Reaching inside of a big death bag
```

```
G#m   G#m   G#m   G#m
```

```
G#m                     G#m
   When you are through danger
G#m                 G#m
   Ends are met and live
G#m                          G#m                        G#m   E
   Where they are happens to be where they have been
```

```
G#m                  G#m
   When you lower placement
G#m                     G#m
   The strong get stronger
G#m                         G#m                          G#m   G#m
   Where you are when you waste there s a wip hitting you
```

```
E        B         A        E
Water inside we re all in water
E          B        A           E
Water we climb and run through it
E        B         A         E
Water inside we re all in water
E             B        A           E
Reaching inside of a big death bag
```

```
G#m   G#m   G#m   G#m
```

```
G#m             G#m
   Everytime I fake it
G#m                    G#m
   Devils crawl through me
G#m                 G#m                       G#m     E  E
   I m ashamed when I ignore the voice that agree
```

```
G#m                 G#m
    Get us all together
G#m                             G#m
    Where we all wish for the same thing
G#m                     G#m                 G#m     G#m
    It s only a lie to recall beliving your body

E       B       A       E
Water inside we re all in water
E         B       A         E
Water we climb and run through it
E       B       A       E
Water inside we re all in water
E           B       A         E
Reaching inside of a big death bag
