John Grant

[Intro]

Bbm Dbm Bbm Dbm

[Verse]

Bbm Dbm

Have you got depression?

Bbm Dbm

Passive aggression?

Ab F

Did they stop loving you

Ab F

And you re the only one who doesn t know?

Bbm Dbm

You forgot your medication

Bbm Dbm

And Sade is playing on the radio

Ab F

They say you were always enough

Ab F

It s too ridiculous to call their bluff

Bbm Dbm

And you re staring at a dresser drawer

Bbm Dbm

Just devoid of clean underwear

Ab F

You re trying to work out on your calculator

Ab F

If you can swing that trip to anywhere but here

[Chorus]

Ab

Love is magic

Bbm Ab

Whether you like it or not

Ab

It isn t so tragic

Bbm Ab

It s just a lie that you bought

Ab

When the door opens up for you

Bbm Am

Don t resist, just walk on through

Am

There is nothing left to lose

[Verse]

Bbm Dbm

Do you think you can take the pain?

Bbm Dbm

Is it destroying the inside of your brain?

Ab F

And you've come so very far to hear

Ab F

That you're nowhere near half-way there

Bbm Dbm

There's no milk in the refrigerator

Bbm Dbm

And you'll be hearing all about it when you get home tonight

And this thing called intimacy

Is it what you always thought it would be?

Bbm Dbm

Do you feel like you've experienced

Bbm Dbm

What the word is supposed to mean?

Ab F

Do you feel like you are in control?

Ab F

Did you find out that there's really no such thing?

[Chorus]

Ab

Love is magic

Bbm Ab

Whether you like it or not

Ab

It isn't so tragic

Bbm Ab

It's just a lie that you bought

Ab

When the door opens up for you

Bbm Am

Don't resist, just walk on through

Am

There is nothing left to lose
