I d like to go where you go

F **C**
When you smile, things turn right again
C **F** **C** **G** **C**
Love you like there was no end of love, No end of love

Chorus:

G **F** **C**
With you I d like to do things I ve done before
G **F** **C**
But they have a different meaning now That wasn t there before
G **F** **C**
If I started out anew just when I stumbled on to you
C **F** **C** **G** **C**
For now my dreams divide in two for you no end of love

I d like to sing the songs you sing
Play the games you play
I d like to walk the road you walk
And let you lead the way
I d like to get the notes you send
Keep you dry in summer s rain
Loving you like there s no end
No end to love with you
