

**Cry To Me**  
**John Hiatt**

[Intro]

**G C/G G Em D C G**

[Verse]

**G** **C/G** **G**  
Getting dark and it feels like trouble  
**Em** **D** **G**  
Heating up just like the fallin' evening rain  
**G** **C/G** **G**  
Tongues so sharp they could burst any bubble  
**Em** **D** **G**  
Nobody wants to talk about all that pain  
**G** **C/G** **G**  
They're all having fun playing with your feelings  
**Em** **C** **G**  
You can't control it, it just breaks your heart  
**G** **C/G** **G**  
Dirty double crosses done with underhanded dealings  
**Em** **D** **G**  
When all you ever wanted was a place to start

[Chorus]

**C/G** **G**  
Come on and cry to me baby  
**D** **G**  
You can even lie to me baby  
**C/G** **G**  
I'm probably gonna let you down but  
**Em** **D** **C** **G**  
I swear I won't keep you down  
**Em** **D** **C** **G**  
I swear I won't keep you down

[Verse]

**G** **C/G** **G**  
Memories of Highway 19, they still haunt you  
**Em** **D** **G**  
Babies on hips and men made out of motorcycle parts  
**G** **C/G** **G**  
Broken windows and crushing blows that taunt you  
**Em** **D** **G**  
Not one damn thing in the yard that starts  
**G** **C/G** **G**  
I wonder why love is always looking for its own ghost  
**Em** **D** **G**  
Or is that just what hurt people do  
**G** **C/G** **G**

Find the ones who injured them the utmost

**Em** **D** **G**  
Practically beg em to make their dreams come true

[Chorus]

**C/G** **G**  
Come on and cry to me baby  
**D** **G**  
You can even lie to me baby  
**C/G** **G**  
I m probably gonna let you down but  
**Em** **D** **C** **G**  
I swear I won t keep you down  
**Em** **D** **C** **G**  
I swear I won t keep you down, yup!

[Verse]

**G** **C/G** **G**  
Sometimes something good can come from lying  
**Em** **D** **G**  
Cause sometimes when they got you so down  
**G** **C/G** **G**  
Somethin worse can come from crying  
**Em** **D** **G**  
Cause sometimes they just wanna keep you down

[Chorus]

**C/G** **G**  
Come on and cry to me baby  
**D** **G**  
You can even lie to me baby  
**C/G** **G**  
I m probably gonna let you down but  
**Em** **D** **C** **G**  
I swear I won t keep you down

**C/G** **G**  
Come on and cry to me baby  
**D** **G**  
You can even lie to me baby  
**C/G** **G**  
I m probably gonna let you down but  
**Em** **D** **C** **G**  
I swear I won t keep you down  
**Em** **D** **C** **G**  
I swear I won t keep you down, yeah!  
**Em** **D** **C** **G**  
I swear I won t keep you down
