

Drive South
John Hiatt

[Verse]

A **D**
I didn't say we wouldn't hurt anymore
A **E**
That's how you learn, you just get burned
A **D**
But we don't have to feel like dirt anymore
A **E** **A/E** **E**
Though love's not earned, baby it's our turn
B
We were always lookin' for true north
A **Asus4**
With our heads in the clouds, just a little off course
B **Bsus** **B** **A**
But I left that motor runnin', so if you're feelin' down and out

[Chorus]

D **E** **E/G#**
Come on baby drive south,
Aadd9 **Badd4**
with the one you love
E **E/G#**
Come on baby drive south,
A **Badd4** **B**
with the one you love

[Verse]

A **D**
I'm not talkin' bout retreatin' little girl
A **E**
Gonna take our stand, in this Chevy van
A **D**
Windows open on the rest of the world
A **E** **A/E** **E**
Holdin' hands, all the way to Dixieland
B
We've been tryin' to turn our lives around
A **Asus4**
Since we were little kids, it's been wearin' us down
B **Bsus** **B** **A**
Don't turn away now darlin', let's fire it up and wind it out

Oh

[Chorus]

D **E** **E/G#**
Come on baby drive south,
Aadd9 **Badd4**
with the one you love
E **E/G#**
Come on baby drive south,
A **Badd4** **B**
with the one you love

[Bridge]

D **A**
I heard your mama callin , I think she was just stallin
E **B**
Don t know who she was talkin to, baby me and you
D **A**
We could go down with a smile on, don t bother to pack your nylons
E **Badd4**
Just keep them pretty legs showin , it gets hot down where we re goin

[Pre-chorus]

B
We were always lookin for true north
A **Asus4**
With our heads in the clouds, just a little off course
B **Bsus** **B** **A**
But I left that motor runnin , so if you re feelin down and out

Oh

[Chorus]

D **E** **E/G#**
Come on baby drive south,
