G C D
Maybe your momma didn t treat you right;
Am Em D
Maybe her intentions weren t even very good
G C D
Maybe your daddy laid awake at night
Am Em D
Imagining himself in some other neighbourhood
C G C G
Left to our own devices - like maybe they were too
C G B7
Out on the open road and wondering what to do

D G C G/B Am
You ask how we got here: baby, don t ask how
Em D C G
Cause that was sometime other than now

It takes what it takes - that s what they told us girl
Done a lot of dumb things, probably do some more
On two different paths running round on different worlds
We finally found each other, who we were looking for
I see my own reflection and I give my love to you
It shot back like an arrow, so straight and true

You ask how we got here: baby, don t ask how

G
Cause that was sometime other than now

E Am E
I m not leaving babe, whatever s come, right here and now
D G
Maybe tommorrow we can take it
E Am E
I m not grieving baby, any more - the past is gone
D C G/D D

We can't fake it; baby let's make it with this love of ours somehow

A little bit of feel, you know it goes a long way
It's followed us around since we were little kids
Just a little faith, baby, baby, some day
We will have the strength, the strength to forgive
Don't come all of a sudden, but when it's here at last
You'd blink your eyes and miss it, it happens so fast

You ask how we got here: baby, don't ask how

C G

Cause that was sometime other than now

Em D C C G

Yeah that was sometime other than now
