Jubilee Cloud  
Recorded by John Kongos

Verse 1

**E** **A**  
I was riding on the Jubilee Cloud when I thought I heard somebody say  
**E** **C#m** **G#m** **F#m** **Am**  
Are we passing over Texas cause it s feeling mighty hot  
**E** **G#m** **F#m** **B**  
And the oilrigs are blocking the way  
**E** **A**  
I said it looks just like Nebraska it s raining down upon the plain  
**E** **C#m** **G#m** **F#m** **Am**  
Seems to me I should remember it was August or September  
**E** **G#m** **F#m** **B** **E**  
that I boarded the Jubilee Cloud just to break away

Chorus

**E** **F#** **A** **E**  
When the Jubilee Cloud came down to the earth there was no time to pray  
**E** **F#m** **A**  
But the heaven that we found on the Jubilee Cloud was just like a Tennessee  
**E**  
day  
**E** **F#** **A** **E**  
When the Jubilee Cloud came down to the earth there was no time to pray  
**E** **F#** **A**  
But the heaven that we found on the Jubilee Cloud was just like a Tennessee  
**C** **C** **E**  
day just like a Tennessee day

Verse 2

**E** **A**  
Well it just don t make no sense at all now knowing what I do today  
**E** **C#m** **G#m** **F#m** **Am**  
How the world just keeps on going when I can see it slowing  
**E** **G#m** **F#m** **B** **E**  
I tell you now that it was never meant to be this way
