If Youre Out There John Legend

```
F
If you hear this message, wherever you stand
                                                                    G
I m calling every woman, calling every man
We re the generation
We can t afford to wait
                                                                        G
The future started yesterday and we re already late
F
We ve been looking for a song to sing
Searched for a melody
Searched for someone to lead
We ve been looking for the world to change
If you feel the same
Then go on and say
If you re out there
Sing along with me
If you re out there
I m dying to believe that you re out there
Stand up and say it loud
If you re out there
Tomorrow s starting now
                 F-C-G
Now, now
```

It continues like that for the rest of the song. Enjoy and leave comments.
