Turn down the bed and the blinds

Before your turn around

FA#m RE

Let me breathe you in til gravity bends

LA

And we fall through the hole in the light.

FA#m

Make this our kingdom

RE LA

Somewhere where good love conquers and not divides.

FA#m RE

Cause I may not know a lot of things but

LA FA#m

I feel it in my chest

RE LA

No, I won t let the blue flame die

FA#m

We can t lose hope just yet

RE

Cause it s once, just once in a lifetime

LA

And we re scared to love but it s alright
