

Borrowed Time
John Lennon

D **A** **E**
When I was younger a-ha
Living confusion and deep despair
When I was younger a-ha
Live in illusion of freedom and power

When I was younger a-ha
Full of ideals and broken dreams, my friend
When I was younger a-ha
Everything simple but not so clear

Refrain: (always two times!)

D **E** **A** **A** **Asus4** **A** **Asus2** **A**
Living on borrowed time
D **E**
Without a thought for tomorrow

Now I am older a-ha
The more I see the less that I know for sure
Now I am older a-ha
The future is brighter and now is the hour

Refrain: ...

Good to be older a-ha
Would not exchange a single day or a year
Good to be older, a-ha
Do not believe in those days I missed

Refrain: ...
