

**In My Life**  
**John Lennon**

*Intro*

**F# C# F# C#**

**F# Ebm**  
There are places I ll remember  
**B Bm F#**  
All my li fe, though some have changed.  
**F# Ebm**  
Some forever, not for better  
**B Bm F#**  
Some have go ne , and some remain.  
**Ebm B**  
All these places had their moments,  
**E F#**  
With lovers and friends I still recall.  
**Ebm G#7**  
Some are dead and some are living,  
**Bm F#**  
In my life I ve loved them all.

**F# Ebm**  
But of all these friends and lovers,  
**B Bm F#**  
There is no one com pares with you.  
**F# Ebm**  
And these mem ries lose their meaning,  
**B Bm F#**  
When I think of love as something new.  
**Ebm B**  
Tho I know I ll never lose affection  
**E F#**  
For people and things that went before,  
**Ebm G#7**  
I know I ll often stop and think about them.  
**Bm F#**  
In My Life I love you more.  
**Bm F#**  
In My Life I love you more.
