

Waiting On The Day

John Mayer

This song is very simple but very very sweet and simple to sound!

Enjoy it!

Into **D - Dsus2 - D5/7**(on the fifth and seventh fret 556000 and 776000)you will understand the sound!

D - Dsus2 - D5/7 - D

Waiting on the day

D - Dsus2 - D5/7 - D

When my thoughts are my own

D - Dsus2 - D5/7 - D

When this house is my home

D - Dsus2 - D5/7 - D

And planes are leaving

Bm **D** **G7**(with the pinkie on the e of the third fret)

Will you be there for me baby?

Bm **D** **G7**(with the pinkie on the e of the third fret)

Will you love me all the way

Bm **D** **G7**(with the pinkie on the e of the third fret)

When you take my side

Bm **D** **G7**(with the pinkie on the e of the third fret)

In every little fire fight

Bm **D** **G7**(with the pinkie on the e of the third fret)

When you hang your things and stay

D - Dsus2 - D5/7 - D

I m waiting on the day

D - Dsus2 - D5/7 - D

When my life on the run

D - Dsus2 - D5/7 - D

Reaches out in the sun

D - Dsus2 - D5/7 - D

Shows my age

D - Dsus2 - D5/7 - D

I m waiting on the day

When that voice comes to say

It s not wrong what you did

For just a kid

Will you be there for me baby?

Will you love me all the way?

When you take my side,In every little fire fight

When you hang your things and stay?

I m waiting on the day

Waiting on the day

When these words are in stone

When the kids are all grown

And we go dancing

Oh can you do it baby?

Can you love me all the way?

Will you tie me tight

In little strands of paradise

Will you walk with me before the morning fades?

I m waiting on the day
