I looked at you and I know who

just stop being a fool and run by.

Well my sweet friend, I think I'm in love

My heart may will bleed at the end of the day,

but for now I can't go far away.

Even if you tell them true

My git barmy mate she will cut you in two.

We really don't care if her eyes are blue.

Maybe now you are blind and you find her so kind,

but you don't see the devil behind.

You re such a smart-ass who ignore how I feel

I don t understand the verdict you appeal  
**C** **Am**  
Give it a rest and I ll give you my bless

but by then call two pints of the best.
