

Fire In Me
John Newman

Em

Never gonna let you go

Em

I m never gonna let you go

Em

I m starting with my intuition

G

I m starting with my strengths

Bm

I m getting back my old ambitions

A

Returning once again

Em

My knuckles are so red and raw

G

From breaking through these walls

Bm

Sick of all the others talk

A

And I left her of my fault

Em

G

Bm

A

I was a spark in the night but you drown me out

Em

G

Bm

A

So I ll take the walls inside and I ll burn them down

A

Cause I still got a fire in me

Em

I never wanna let it go

Em

I never wanna let it go

G

Bm

A

I-I-I-I still got a fire in me

Em

I never wanna let it go

Em

I never wanna let it go

Em

I ve dealt with all my evils

G

And I m dealing with them twice

Bm

There will never be a sequel

A

And the curtain will never rise

Em

Although my body has been aching

G

I held on to the ropes, oh no

Bm

I ve never left the ring, yeah

A

And I won t be letting go

Cause I still got a fire in me

Em

I never wanna let it go

Em

I never wanna let it go

G **Bm** **A**

I-I-I-I still got a fire in me
