Verse1:
E/C
                                     C
          F
Hope is found on the cross
                                     C
E/C
           F
Hope is found on the streets
E/C
                                     C
Hope is found in the heart of the young man
E/C
Trying to get back on his feet
E/C
           F
                                     C
Hope is found in the runaway
E/C
                                     C
Hope is found in the church
                                     C
           F
Hope is found in the alone and the fatherless
Just trying to make it work.
             E/C
                                             C
Were all trying to make it work.
Chorus:
Am
          E/C
I look to the hills
I see you coming
            G
Youre coming
           E/C
I look to the cross
            C
Im running
            G
Im running
Verse 2:
E/C
                                                  C
             F
Take me back to where Ive been
E/C
I see the way you moved
Without you Id be a lost and confused child
E/C
Ive found my faith in You.
```

E/C F C

Ive found my faith in You.
