

Flesh And Blood
Johnny Cash

A **D** **A**
Beside a singing mountain stream
Where the willow grew
D **A**
Where the silver leaf of maple
B7 **E**
Sparkles in the morning dew
A **D**
I braided twigs of willow
A
Made a string of buckeye beads
D **A**
Flesh And Blood needs Flesh And Blood
D **A**
And you re the one I need
D **A**
Flesh And Blood needs Flesh And Blood
D **A**
And you re the one I need.

A **D**
I leaned against the bark of birch
A
And I breathed the honeydew
D **A**
I saw a northbound flock of geese
B7 **E**
Against a sky of baby blue
A **D**
Beside the lilly pads
A
I carved a whistle from a reed
D **A**
Mother Nature s quite a lady
D **A**
But you re the one I need
D **A**
Flesh And Blood needs Flesh And Blood
D **A**
And you re the one I need.

D A D A D A

A **D**
A cardinal sang just for me
A
And I thanked him for his song
