

Fools Hall Of Fame
Johnny Cash

C **F**
Well, if i live to be a hundred
C **G**
I know i cant forget the day
F **C**
That i broke the heart you gave me and let you walk away
G **C**
Thats when they hung my name in the fools hall of fame

F
Oh baby since we`ve been apart i cant console my heart
C
It cries the whole night long
F
oh did i ever make you see the change you`ve made in me
G
Oh baby let me tell you i was wrong

C **F**
Oh honey say that youll forgive me
C **F**
And let me in this misery
G **C**
Cause i know i keep on crying

Till youll come back to me
G
Dont leave me here in shame, in the fools hall of fame

Oh baby since we`ve been apart i cant console my heart
It cries and cries the whole night long
oh can i ever make you see the change you`ve made in me
Oh baby let me tell you i was wrong

Oh honey say that youll forgive me
And let me in this misery
Cause i know i keep on crying
Till youll come back to me
Dont leave me here in shame, in the fools hall of fame
Dont leave me here in shame, in the fools hall of fame

Listen to the song to get the right rythmn, and to sing it right.
