A  
Lord, Help me walk  
          E  
Another mile, just one more mile;  
                  A  
I m tired of walkin all alone.

A  
Lord, Help me smile  
          E  
Another smile, just one more smile;  
                                  A  
You know I just can t make it on my own.

D                                  A  
I never thought I needed help before;  
E                                  A  
I thought that I could get by by myself.  
D                                  A  
Now I know I just can t take it any more.  
E  
With a humble heart, on bended knee,  
                                  A  
I m beggin You, please, for help.

Come down from Your golden  
And throne to me, to lowly me;  
I need to feel the touch of Your tender hand.

Remove the chains of darkness  
Let me see, Lord let me see;  
Just where I fit into your master plan.

I never thought I needed help before;  
I thought that I could get by by myself.  
Now I know I just can t take it any more.  
With a humble heart, on bended knee,  
I m beggin You, please, Help Me.
