**B5**

I don t know where I m bound

Can t stand locks, bars or doors

mean cops insanity and wars

Gotta find a place of peace

Till then much travellin on seas  
but I don t know where I m bound  
There s gotta be a place for me  
under some green growing tree  
clear cool water running by  
an unfettered view of the sky  
but I don t know where I m bound  
When I die don t bury me  
cause then I must be free  
cremate my body with a grin  
throw my ashes to the wind  
cause I don t know where I m bound
