

I Hardly Ever Sing Beer Drinking Songs
Johnny Cash

C
I hardly ever sing beer drinking songs
C **G**
And when they play them cheatin tunes I never sing along
F **C** **F**
I never ever sing the blues I ve forgotten born to lose
G **C**
And I hardly ever sing beer drinking songs

I hardly ever walk the floor and cry
And I don t think I ve ever said I feel like I could die
I don t ever lay awake I never think my heart will break
I hardly ever walk the floor and cry

I hardly ever sing beer drinking songs
I can t put much feeling in saying love is all gone wrong
I don t lose no sleep at night cause things with you are going right
And I hardly ever sing beer drinking songs

Piano break

I never call your name out in my sleep
You never make me worry and you never make me weep
I never wonder if you re true I spend a night curled up with you
And I never call your name out in my sleep

I hardly ever sing beer drinking songs
And when they play them cheatin tunes I never sing along
I never ever sing the blues I ve forgotten born to lose
And I hardly ever sing beer drinking songs
