

I Talk To Jesus Every Day

Well you talk about important people that you say you know
Presidents and superstars of big television shows
Well I know someone personally who s bigger than em all
And next to him your superstars look mighty small

And I have a talk with him each day and he s interested in every word I say

No secretary ever tells me he s been called away I talk to Jesus every day

Well now I don t think that I ll ever be in any Hall of Fame
And the social register of wealthy folks might drop my name
But my name is written in the book of life I m proud to say
And that s all that really matters anyway

And I talk to Jesus every day and he s interested in every word I say
No secretary ever tells me he s been called away I talk to Jesus every day
I talk to Jesus every day
