

**I Would Like To See You Again**  
**Johnny Cash**

**F** **C**  
I was sittin here thinkin about old times

**F** **G** **C**  
Some old times, some old friends

**F** **C**  
When sudden-ly it crossed my mind

**F** **G** **C**  
That i would like to see you a-gain

**F** **C**  
It s funny how an old flame comes back

**F** **G** **C**  
Come on back, make you blue

**F** **C**  
But i just saw a picture of a railroad track

**F** **G** **C**  
And some old shack, and me and you

**F** **G** **C**  
The years have come and gone

**F** **G** **C**  
And a whole lot has happened since then

**F** **G** **C** **F**  
But to-night babe your mem ry s awf ly strong on my mind

**G** **C**  
And i would like to see you a-gain

**F** **C**  
Remember how we used to walk and talk

**F** **G** **C**  
Walk and talk, holdin hands

**F** **C**  
We said we loved each other i recall

**F** **G** **C**  
We made a lot of future plans

**F** **C**  
I guess i d better straighten out my mind

**F** **G** **C**  
Straighten it out, and go to bed

**F** **C**  
And pray that i don t dream about old times

**F** **G** **C**  
Some old times, gone and dead
