

The Wall
Johnny Cash

 D
There s a lot of strange men in cell block ten, but the strangest of them
 A
all,
 G D G D G
was a friend of mine who spent his time starin at the wall. Starin at the
 D G D G
wall. As he looked at the wall so strong and tall, you could hear him softly
 D G D G D G
curse: Nobody at all ever climbed that wall, but I m gonna be the first. I m
 D
gonna be the first. Well, the warden walked by and said son, don t try, I d
 A G D G
hate to see you fall, there is no doubt they d carry you out if you ever
 D G D
touch that wall. If you ever touch that wall. Well, a year s gone by since he
 A G D
made his try, but I can still recall how hard he tried and the way he died,
 G D G D G
but he never made that wall. He never made that wall. Well, there s never
 D G D
been a man who ever shook this can, but I know a man who tried. The
 G D G D G
newspapers called it a jail break plan, but I know it was suicide. I know it
 D
was suicide.
