

**Understand Your Man**  
**Johnny Cash**

**C** **Am**  
Don t call my name out your window, I m leaving

**F** **G**  
I won t even turn my head

**C** **Am**  
Don t send your kin folks to give me no talkin

**D** **G**  
I ll be gone like I said

**C** **C7**  
You d say the same old things that you ve been saying all along

**F**  
Lay there in your bed and keep your mouth shut til I m gone

**C** **Am**  
Don t give me that old familiar cryin cussin moan,

**F** **G** **C** **Am**  
Understand your man (I m tired of your badmouthin )

**F** **G** **C**  
Understand your man.

**C** **Am**  
You can give my other suits to the Salvation Army

**F** **G**  
And everything else I leave behind.

**C** **Am**  
I ain t takin nothing that ll slow down my travelin

**D** **G**  
While I m untanglin my mind.

**C** **C7**  
I ain t gonna repeat what I said anymore

**F**  
While I m breathin air that ain t been breathed before

**C** **Am**  
I ll be as gone as a wild goose in winter

**F** **G** **C** **Am**  
Then you ll understand your man (meditate on it)

**F** **G** **C** **Am**  
You ll Understand your man (you hear me talkin )

**F** **G** **C** **Am**  
Understand your man (remember what I told ya)

**F** **G** **C** **C**  
Understand your man
