And honey, I want you to know

Well, you said you had enough you said that you where leavin` I said shovel off honey baby i ain`t greavin Pack your bags and pull out this evening Theres a wide open road On saturday mornin you where nowhere about it So i searched the town but you had done pulled out I looked north, east, west and then leadin` south I saw a wide open road C Theres a wide open road Its leadin south from my abode If you stick around and turn your dampers down Theres a wide open road Well, the reason I was looking for you all over town Was to tell you that your kitty cat is still around And you left your wedding ring when you went down That wide open road If you re gonna stay away, then honey let me know How to cook hot biscuits, how to roll the dough Everything s gone crazy since I told you to go Down the wide open road There s a wide open road
