

Shore To Shore
Johnny Flynn

Quite easy once you get the picking pattern and the rhythm right. There are a number of on s and pull offs he does on pretty much all the chords but i ll leave that up to your discretion.

C **Fmaj7** **C**
Shore to shore, got some land between
C **Fmaj7** **C**
Island life is living from a cup of broken queens

Hit the jackpot rolling through a pipe dream in a knot
C **Fmaj7** **C**
And I m missing what was pissing up the wall that I forgot

I am the masked rider, give me some grace
You ve never seen me and you don t know my face
She was no Hattie Carrol, it was cold, it was blue
And it only happened despite me or you
Me or you, me or you

Smoking paper to the crimson flashing bars
Drinking cocktail wine or cottage cream and passing strangers cars
Live in one-room housing, with a roof to meet the sky
Spelling Jesus won t you please us cos you seem a damn nice guy
Damn nice guy, damn nice guy

We listened to passengers stamping old songs
And we lose, what s to lose, when you haven t done wrong
Drums too slow for a funeral beat
No strumming of strings and no stamping of feet
Of feet, of feet

C **G** **C** **F** **C** **G**
C X2 Then end on **C**

Have fun.
