

# Tonight

Johnny Mathis

**G** **A** **G** **A**  
Tonight, tonight, won't be just any night  
**G** **Em** **F#m** **F7**  
Tonight there will be no morning star  
**Bb** **C** **Bb** **Cm**  
Tonight, tonight, I'll see my love tonight  
**Cm7** **Cm6** **D**  
And for us stars will stop where they are  
**Eb** **Am**  
Today the minutes seem like hours  
**D** **Bbm**  
The hours go so slowly  
**Gm** **A** **D#** **D7**  
And still the sky is light  
**G** **A**  
The moon burns bright  
**G** **Em**  
And make this endless day  
**Bm** **Am** **D7**  
Endless night  
**G**
