Verse2

When I m lost in your embrace my love,  
It s like flying into space my love.  
Warm and tender so warm and tender;  
Your arms hold me tightly. They thrill and excite me,  
And I d be a fool to resist you.

**Ebm9** **Ab** **Bb**  
The moment you re near my life can start,  
**Cm F7** **Bb6**  
When we re apart my life is through.

Just beats for you, beats for you, beats for you.

Verse3

With each yearning burning in my soul  
Loving you only will be my goal.  
Warm and tender in sweet surrender  
I offer my lips, and I offer my arms,  
And I offer my heart that implores.
