Time Flies
Johnny Reid

D **Bm**
Baby is born, mama cries

A **G**
She sees a glimpse of his daddy there in his eyes

D **Bm**
Take him home and watch him sleep

A **G**
Stand and wonder who he s gonna be

Em **A**
Then it s Tonka trucks and baseball gloves

Em **A**
Then his first kiss and his first love

Em **A**
Oh the innocence just don t last

G **A**
Our dreams that I feel just go by so fast

Chorus:

D **Bm**
Mountains move,rivers run

A **G**
Shadows fall with the setting sun

D **Bm**
Thunder rolls and lightning strikes

A **G** **Bm**
The darkness covers and swallows up the light...and time flies

An old man sits alone

Trying hard to remember but his memory s is gone

Upon the wall trapped under glass inside a frame

Hangs a picture of couple on their wedding day

She looks in his eyes, the world looks great

His life was full of color but colors fade away

Chorus

A

We all laugh and we all cry

Em

We all live and we all die

G A

But through it all and in bet ween

D Em

Time flies

A G

Time flies

D Em

Time flies

A G

Time flies
