

Wires And Wood
Johnny Staats

Great bluegrass song by Johnny Staats

C G C
When the work is all done at the end of the day
G C
I sit on the porch and open my case
C F Am
I pick out a tune that matches my mood
G C
And pour it all out through wires and wood

CHORUS

G C
Wires and wood and the feelings to share
G C
Straight from the heart into the air
F C
Friends gather around everybody feels good
G C
When the spirit is singing through wires and wood

G C
If I had the money if I had my say
G C
I could sit right here make music all day
C F Am
It lifts up my mind runs deep in my blood
G C
When I lay my hands on wires and wood

Repeat Chorus

G C
When the spirit is singing through wires and wood
