

**Strange Licks**  
**Johnny V Srsen**

Intro- C

1.)

Caugmented                    **Am**  
Hello I hope you get some strange kicks  
**G/B**                                **C**                                **C/G**                                **G**  
On the guitar that had strange licks  
**G7**                                **Esus4**    **Esus2**    **E**  
Running and rolling all over the stage  
**F**                                **G**                                **C**  
Like a bird that is breaking out of a cage

-Intro-

2.)

No words need to be put into his song  
But people somehow just sing along  
The tune with no words and with crazy tricks  
Coming from his very very strange licks

Refrain-

**C**                    Caugmented                    **Am**  
AHH yea those strange licks  
**A7**                                **D**  
Everyone thinks your cool now  
**G**                    **Gmajor7**                    **G7**  
Even though I sometimes you wonder how  
**G6**                                **C**  
They d like those strange licks

-Solo-

Refrain-

**C**                    Caugmented                    **Am**  
AHH yea those strange licks  
**A7**                                **D**  
Everyone thinks your cool now  
**G**                    **Gmajor7**                    **G7**  
Even though I sometimes you wonder how  
**G6**                                **C**  
They d like those strange licks

Bridge-

**A**                                **Am7**                                **D**  
But what if that solo runs too long  
**Dm7**                                **F**                                **G**  
Will anyone ever like his song

C

But they do
