SICKNESS - Johnossi

You will simply just strum E and A through the whole song.
(Im not sure about the lyrics so I did not write the parts I did not know down)

E **A** **E**
Sickness, there s a sickness I have.

A **E**
When do walls come down.

A **E** **A**
I try to smoth shit out

E **A** **E**
Well it s just a sickness, something growing in me.

A **E**
When do this walls come down.

A **E** **A**
I don t wanna feel occupied... by this.

Sickness
Well it s just a sickness.
It s a sickness I have.
When do this walls come down.
I dont wanna feel occupied.
I feel now, it has grown.

ooh it s just, sickness
ooh, it s just a sickness.

Sickness
Is it body or my, soul out of control.
Whatever I might stuble upon
there is always something,hold in by
I feel now, It has grown.

It is just sickness, Sickness, sickness, I have.

It s just a sickness.
Sickness I have. Sickness I have.
Sickness, It s a sickness I have.
But it s just a sickness,

Hope you liked it! Cheers!
