AUTUMN IN NEW LONDON - Joie De Vivre

Tabbed by: pwdftw

Tuning: Standard
Capo 1

You can play it without a capo, but it s a lot easier with one in my opinion.
Play the
Bsus4 like this: x24400
All chords are relative to the capo.

E A C#m Bsus4

E **A**
For the first time in my life
C#m **Bsus4** **E**
I ve been having dreams that I remember
A
And finding subtle differences
C#m **Bsus4** **E**
to make these days go faster
A
And keeping you at arms length
C#m **Bsus4** **E**
Isn t nearly far enough
A **C#m**
It s too late to burn your bridges
Bsus4 **E**
Or hide in your new year
A **C#m**
It can be cold and calculating
Bsus4 **C#m**
To an extent that I can t believe
B
Where should I go?
A **B** **C#m**
Where I can be more than an excuse?
B **A** **B** **E**
Where can I go that wouldn t take me back to you?
