

Couples Retreat
Jon Bellion

[Verse 1]

I might have been tired, you might have been hungry
I might have said something, you might have done nothing
You know you still love me
I might have been wired, you probably need coffee
I know I keep chips on my shoulder like dip
So come get it off me

[Chorus]

Come say sorry with your body
Come say sorry with your body
Come say sorry with your body
Come and dance with me
I ll say sorry with my body
I ll say sorry with my body
I ll say sorry with my body
Come and dance with me
Come and dance for me (Dance for me, dance for me)

[Post-Chorus]

I wanna get
I wanna get
