She loved me fine when I was writing from hong kong
and she dug it even better when calling long distance on the phone and
cool and sexy getting that postcard from brazil
but now im back home oh she wont give this a chance
SHE SAID when you get back were gonna try try all nnight long
but she lied
she said when you get back we gon sing a different song but she lied

Flew in on the red eye i put a quarter in the phone voice said leave a message
cause
there aint nobody home.

I live in a hotel wonderin where shes at?
you know the girl givin me the third degree
and that aint where its at
SHE SAID when you get back were gonna try try all nnight long
but she lied
she said when you get back we gon sing a different song but she lied

she said when you get back everything be couchi coo but she lied she said when
you get
back baby ill take care of you but she lied

you know that she lied x7

I had it all planed out ad you shouldve seen how it all pane dout
i live in a hotel wondering where shes at
you know the girl givin me the third degree
and that aint where its at
SHE SAID when you get back were gonna try try all nnight long
but she lied
she said when you get back we gon sing a different song but she lied
