

**You Are The One I Love**  
**Jon McLaughlin**

Intro: **G C F**

**G C F**

I would never, ever let you go

**G C F**

All this fighting s really just a show

**G C F**

That we put on behind doors that

**G C F**

Everyone knows aren t closed

**G C F**

All these eyes are watching in the dark

**G C F**

Putting black holes in the stars

**G C F**

That we used to think were ours

**G C F G C F**

Until they fell apart, right now they seem so far

**C C7 F G**

But all I know is the way you hold my heart

**C C7 F G**

But all that shows is the way we fall apart

**Am F C G**

To the world I hate, you are the I love

**Am F C G**

They ll say what they ll say, they ll never say enough

**C F**

I ll sing it more than once

**G C F**

That you are the one I love

**G C F**

And after all of the things weâ€™ve said and done

**G C F**

You are the one I love

There are couples, couples everywhere

Oh why, oh why does everyone care?

It s hard to be me and you when all that everyone does is stare

Oh all that they do is stare

All I know is the way you hold my heart

But all that shows is the way we fall apart

To a world I hate, you are the one I love

They ll say what they ll say, but they ll never say enough

**Dm**            **G**        **Am**        **C**        **G**

Why can't we hide away?

**Dm**            **G**                    **Am**

All that I need is your face

**C**                    **F**  
To remind me that I feel this way
