[Verse 1]
D
I ve done some wanderin it makes me feel old
  G   **D**
I go where I m called, get pushed, or get pulled
D
I ve been lonesome and thus taken wrong turns
     G   **D**
Then lit it on fire & watched it all burn

D
Tried more than a few tings that didn t fit my size
  G   **D**
Surprised that my mouth wasn t as big as my eyes
D
I ve made some bad ones, you know that it s true
A   **A7**   **D**
But it all led me to you

[Chorus]
    D   **F#m**
It led me to you to a state of belief
Gm   **A**   **A7**
I found my place when I pulled into the reef
  D   **F#m**
I put down my wild ways, put down the brew
  G   **A**   **D**
Because it all led me to you
