**C**

I grew up with more than I d need

**Em**

Yeah I grew up with a thing for speed

**Am G**

rollin around as fast as we could

**C**

I never needed training wheels

**Em**

My brother taught me how like it was no big deal

**Am G**

ridin around as fast as I could

**C**

I ve had a good life that s no joke

**Em**

But somewhere I lost hope

**Am G**

And somehow I just lose speed

**C**

I try my best most everyday

**Em**

But sometimes I get in my way

**Am G**

And I lose sight of what I need

[Chorus]

**C G C**

Baby, I tell you lately

**F G C**

The thought of everything fills me with dread

C G C

Maybe, I m goin crazy

F G C

But this thinkin here it sure is loud in my head

F G C

But this thinkin here it sure is loud in my head

[Verse 02]

C

I m not a bad man but I ve done bad things

Em

I ve paid the toll for what they bring

Mistakes get made and debts get paid

Am G

Diggin alone as I sing

I burned through my match so quick

Em

Nothin left but a burned out stick

Am G

I wasted what would save my life

How many more will I receive

Em

Chances come and then they leave

Am G

But I can t be alone tonight

[Chorus]

Maybe, I m goin crazy
