On My Way
Jon Theis
[Intro]
[Verse 1]
Livin the dream, I don t have a care
Just breathe in that country air
There s nothing on my my mind
I m at peace
I got a plot of land where I shoot deer
A fishin pond where the water s clear
I got me a dirt bike
And a moto track
Go Karts and RZR s for all of my friends
A place for them to crash at days end
Plenty of room
That I can share
Most of my day is with a guitar
I ve got a General Lee and some 50 s cars
I don t much
             Е
                   E7
I don t wannna do
[Chorus]
Well maybe just maybe I embellished a bit
But that don t mean that I can t do it
Little by little, it won t be quick
```

```
But I m bettin I can make it stick
I m here this time and I won t stray
I ain t there yet but I m on my way
[Interlude]
ADAE
[Verse 2]
I got my own studio where I can record
A pile of records in case I get bored
And some big ole speakers
Out on the deck
I got a skid steer to plow my drive
Goin coast to coast, playin live
My whole life is exactly
      E
What I d hoped
[Chorus]
Well maybe just maybe I embellished a bit
But that don t mean that I can t do it
Little by little, it won t be quick
But I m bettin I can make it stick
I m here this time and I won t stray
I ain t there yet but I m on my way
[Solo]
