           C#maj7/E
I am free
           G#
To do as I please
             C#maj7/E
Except for a few things
[Bridge]
Bbm
                     Eb7
They charge for the water
            Eb7
Control the soil
They force me into boundaries
Bbm
                            Eb7
And it feels like there is nothing I can do about it
                                    C#maj7/E
                              G#
They have too much power over me
[Chorus]
     G#
           C#maj7/E
I am free
           G#
To do as I please
             C#maj7/E
Except for a few things
[Bridge]
                      Eb7
They hide inside the skyline
                   Eb7
There never was a fine line
The balance always slanted
