

Younger ft HRVY  
Jonas Blue

Intro X2: **Fm Bb Eb Ab**

**Fm Bb Eb Ab**  
Someday, we ll be a million miles away  
**Fm Bb**  
Waking up on Monday morning  
**Eb Ab**  
Wishing it was Saturday  
**Fm Bb**  
Kids screaming out, no warning  
**Eb Ab**  
This will be a distant memory  
**Fm Bb Eb Ab**  
I can hear the future calling, let it wait.

**Fm Bb Eb Ab**  
Cause you know that we got time to get ourselves together  
**Fm Bb Eb Ab**  
We got time for us  
**Fm Bb Eb Ab**  
Someday, let s waste our time like we ll be young forever  
**Fm Bb Eb Ab**  
Stay forever young.

**Fm Bb Eb Ab**  
When we were seventeen, feels like just yesterday  
**Fm Bb Eb Ab**  
Living a lucid dream, those years just fall away  
**Fm Bb Eb Ab**  
One day we ll be thirty three before we re old and gray  
**Fm Bb Eb Ab**  
Let s still be seventeen like yesterday.

**Fm Bb Eb**  
Let s stay younger together, let s stay younger together  
**Ab Fm Bb Eb**  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together

Let s stay younger together.

Always, you ll always be my fantasy  
Even when we re grown up, know that I love you better than today  
One day we ll be dancing slowly, but for now I ll make it rain  
I can see the future calling anyway

Cause you know that we got time to get ourselves together  
We got time for us  
Someday, let s waste our time like we ll be young forever  
Stay forever young  
When we were seventeen, feels like just yesterday  
Living a lucid dream, those years just fall away  
One day we ll be thirty three before we re old and gray  
Let s still be seventeen like yesterday.

Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together, let s stay younger together  
Let s stay younger together...
