Dance Until Tomorrow
Jonas Brothers

```
Bm                  A                 D
I?m calling you out, calling you out
             G
So you can see what?s going on
Bm            A                 D
Breaking me down, breaking me down
              G
Cause I can see that something?s wrong

Bm
Your body is moving
           A                    G
But your mind is somewhere else
             G
And I don?t know how to get there
Bm                            A
It?s like you?re losing yourself

Bm  D
   (Oh, oh)
A
No, I never thought it would come this far
Bm  D
   (Oh, oh!)
A
Got enough for me to break my heart
Bm  D
   (Oh, oh)
         A
When the music stops
                     G
For me is that you won?t let it go
A
Just keep dancing until tomorrow

Bm            A                 D
Calling you out, calling you out
              G
?Cause I can see we?re near the end
Bm            A               D
Letting me down, letting me down
              G
It?s like we?re back to one again
