

Just Take A Breath
Jonas Brothers

just take a breath - JB

Am **C**
walked across a crowded street
G **Am**
sea of eyes that cut through me, and I saw you in the middle.
C
your upset face, you wear it well,
G **Am**
you camouflage the way you feel when everythings the matter
G
we ve all been down that road before,
F
searching for that something more.

C
worlds are spinning round
G
theres no time to slow it down,
Am
so won t you take a breath,
F
just take a breath.
C
people change and promises are broken.
G
clouds can move and skies will be wide open.
Am **F**
don t forget to take a breath.

Am **C**
blink our eyes, life s rearranged.
G
and to our surprise, it s still okay.
Am
it s the way things happen.
C
summer comes and then it goes.
G
hold on tight and brace for cold
Am
and its only for a moment
