

Things Will Never Be The Same
Jonas Brothers

INTRO:

Bbm **G#** **C#** **F#**

VERSE:

Bbm **G#** **C#** **F#**

Try to fall asleep tonight

Bbm **G#** **C#** **F#**

Lay awake and dream of a life

Bbm

Where we thought that we could make it

G# **C#** **F#**

We wasted all our time

Bbm **G#** **C#** **F#** **G#**

And I wouldn't change a single thing, I know

CHORUS:

F# **C#** **G#**

We get closer and closer again

C#

But we're falling apart

F# **C#** **G#**

I'm losing, you're losing a friend

Bbm **F#**

It's always over before we start

C#

You're asking for love

G#

And I wish that it could be the way that it was

F#

But it's over

C# **G#**

There's no one to blame

F# **G#** **C#** **F#**

It'll never be the same

VERSE:

Bbm **G#** **C#** **F#**

Two wrongs don't make it right

Bbm **G#** **C#** **F#**

Two hearts are on the line

Bbm

Maybe we could have made it

G#

Have waited

C# **F#**

Done this right

Bbm **G#**

In the end, I m a friend

C# F# G#

But that s all I am to you, oh

CHORUS: x2

F# C# G#

We get closer and closer again

C#

But we re falling apart

F# C# G#

I m losing, you re losing a friend

Bbm F#

It s always over before we start

C#

You re asking for love

G#

And I wish that it could be the way that it was

F#

But it s over

C# G#

There s no one to blame

F# C# G#

It ll never be the same

F# C# G#

It ll never be the same

â€¦ x2
