

Things Will Never Be The Same
Jonas Brothers

INTRO:

G#m F# B E

VERSE:

G#m F# B E

Try to fall asleep tonight

G#m F# B E

Lay awake and dream of a life

G#m

Where we thought that we could make it

F# B E

We wasted all our time

G#m F# B E F#

And I wouldn't change a single thing, I know

CHORUS:

E B F#

We get closer and closer again

B

But we're falling apart

E B F#

I'm losing, you're losing a friend

G#m E

It's always over before we start

B

You're asking for love

F#

And I wish that it could be the way that it was

E

But it's over

B F#

There's no one to blame

E F# B E

It'll never be the same

VERSE:

G#m F# B E

Two wrongs don't make it right

G#m F# B E

Two hearts are on the line

G#m

Maybe we could have made it

F#

Have waited

B E

Done this right

G#m F#

In the end, I m a friend

B E F#

But that s all I am to you, oh

CHORUS: x2

We get closer and closer again

But we re falling apart

E B F#

I m losing, you re losing a friend

G#m E

F#

And I wish that it could be the way that it was
