

Things Will Never Be The Same
Jonas Brothers

INTRO:

Bm A D G

VERSE:

Bm A D G

Try to fall asleep tonight

Bm A D G

Lay awake and dream of a life

Bm

Where we thought that we could make it

A D G

We wasted all our time

Bm A D G A

And I wouldn't change a single thing, I know

CHORUS:

G D A

We get closer and closer again

D

But we're falling apart

G D A

I'm losing, you're losing a friend

Bm G

It's always over before we start

D

You're asking for love

A

And I wish that it could be the way that it was

G

But it's over

D A

There's no one to blame

G A D G

It'll never be the same

VERSE:

Bm A D G

Two wrongs don't make it right

Bm A D G

Two hearts are on the line

Bm

Maybe we could have made it

A

Have waited

D G

Done this right

Bm A

In the end, I m a friend

D G A

But that s all I am to you, oh

CHORUS: x2

G D A

We get closer and closer again

D

But we re falling apart

G D A

I m losing, you re losing a friend
